

CONTRACT

Contract

design&Design è un'organizzazione di rappresentanze nel settore dell'arredamento con esperienza trentennale da sempre attenta alle esigenze e ai repentini cambiamenti delle mode, creando nuovi scenari e risolvendo diverse richieste di arredo. Fornisce prodotti unicamente Made in Italy di elevata qualità riconoscibile per i materiali selezionati e per le accurate finiture.

In equilibrio tra tradizione e innovazione, *design&Design* offre la possibilità di un prodotto che si adatti al target, al budget e allo stile dell'acquirente.

design&Design is a company that has been working for thirty years in the furnishing sector. It has always been attentive to the needs and quick changes of fashion. Our company is very creative and expert in solving special requests in the field of furnishing. The company supplies only high quality products made in Italy. *design&Design* is known for its selected materials and quality finishings.

design&Design, the right mixture between tradition and innovation, offers products that fit all budgets, style and taste.

Il team di architetti ed ingegneri di *design&Design* realizza soluzioni ottimali per la casa, l'ufficio e il contract di hotel, negozi, bar e ristoranti. Si occupa della progettazione di spazi su misura che si distinguono per praticità e design, combinando estetica e funzionalità, assistendo il cliente fino al raggiungimento degli obiettivi desiderati.

design&Design segue lo sviluppo tecnico delle nuove costruzioni, delle ricostruzioni e degli ammodernamenti attraverso elevati standard qualitativi e in coerenza alle normative vigenti.

design&Design team of architects and engineers are capable of finding excellent solutions for homes, offices, hotels, shops, bars and restaurants. Every project is tailor made to meet our clients needs, for example space-saving, practicality, style and design. We assist our clients in achieving their desired goals.

design&Design follows the technical developments of new constructions and modernizations with high quality standards and in compliance with building regulations.
